

FEELGOODGIVING...feel GOOD giving? Feel GOOD giving! Feelgood GIVING?

They say that it's better to give than to receive, but there are lots of emotions and expectations that surround the act of giving. Whether it's time, money, talent, gifts or advice, making contributions to others (or another) evokes myriad feelings.

So, HOW DOES IT FEEL to give?

This is a public art project designed to explore and examine thoughts, feelings and expectations about giving.

What are some of your thoughts on, or experiences with, giving to others? We invite you to contribute a picture, experience or story describing some of your feelings about giving to or doing for others. What does it feel like when you give your time, money, gifts, advice, etc.?

You can be as open and honest as you wish.
